Jobberman

08/2022

Certificate of Completion (Internship)

Zummit Africa Inc.

11/2021

Higher National Diploma (Computer Science)

D.S. Adegbenro I.C.T. Polytechnic

Awards

06/2022

Above and Beyond Award (for performance above and beyond excellence, exceeding the expectations for Organization-wide initiatives)

Zummit Africa Inc.

Relevant Activities

11/2020 – 11/2021

Software Director,

National Association of Computing Students (NACOS)

D.S Adegbenro ICT Polytechnic, Itori Chapter

- Provided guidance and training on software applications, including QuickBooks, MS Excel, Outlook, etc. to end-users.
- Entered and maintained accurate and up-to-date data in various databases and spreadsheets.
- Managed and processed large datasets using Excel, ensuring data integrity and consistency.
- Performed data entry tasks with high speed and accuracy, meeting productivity and quality standards.
- Created and edited documents, reports and presentations using MS Word.

Backend Developer – 02/2022 to 08/2022

Zummit Africa Inc., Lagos, Nigeria

- Designed and developed scalable and efficient backend systems using Nest.js.
- Designed and implemented server-side logic using Django MVT.
- Implemented business logic, API routes, and controllers to handle requests and responses.
- Worked with PostgreSQL database to design and implement data models, queries and schema migrations.
- Utilized TypeORM ORM to interact with the database, perform CRUD operations, and manage data relationships.
- Developed and maintained microservices architecture, ensuring communication and data exchange between services.
- Collaborated with frontend developers to integrate backend APIs with React.js applications.
- Implemented authentication and authorization mechanisms, ensuring secure data access and user management.
- Participated in code reviews, contributed to the improvement of the codebase, and maintained high code quality.
- Troubleshoot and debugged backend issues, optimizing performance and resolving errors.

Web Design Tutor – 06/2021 to 12/2021

Logitech Limited, Ogun State, Nigeria

- Taught web design concepts, techniques, and best practices to students.
- Developed and delivered engaging lesson plans, tutorials and exercises.
- Provided one-on-one guidance, feedback, and support to students.
- Assessed student progress, identify areas for improvement, and offer constructive criticism.
- Encouraged students to think creatively, experiment with new ideas, and develop their own projects.
- Stayed current with industry trends, best practices, and new technologies to continuously improve teaching skills.
- Fostered a supportive learning environment, promoting collaboration and peer-to-peer learning.
